Carlos de la Cruz Ayala Vargas

has successfully completed the online, non-credit Specialization

Building AI Cloud Apps with Microsoft Azure

Congratulations on completing the Building AI Cloud Apps with Microsoft Azure Specialization! You've gained a powerful skill set in building cloud solutions with AI capabilities. This certificate demonstrates your job readiness and can be shared with your professional network. In this program, you've engaged with instructional videos, assessments, and practical exercises, gaining a deep understanding of key aspects of Microsoft Azure ecosystem, including: • Developing serverless, event-driven architectures with Azure Functions • Managing Azure storage solutions and virtual machines • Deploying web applications using Azure App Service • Implementing AI solutions with Azure Machine Learning, Computer Vision, and Natural Language Processing • Enhancing productivity with GitHub Copilot
